

What happens when you call the safety phone number in the prescribing information?

Who answers these calls?

Our safety hotline, **1-800-Vaccine (1-800-822-2463)** is available 24/7 to take reports; *no report is too minor to submit*

Calls are answered by dedicated call center staff

What happens to a report after it is taken?

Events reported to the PSPV team via the hotline or the website at www.sanofimedicalinformation.com, or the US PV mailbox USPVmailbox@sanofi.com, are meticulously recorded, prioritized for review, and followed up in-depth

Will Sanofi report safety events to VAERS if I call the Sanofi number?

Sanofi PSPV has a standing communication channel with the FDA and other regulators

This includes reporting all safety events to VAERS and other databases; *safety event information reported to us is always shared with regulators*
